Product Specification Sheet

EK-Supreme LTX AMD

Copper Plexi | Copper Acetal | Nickel Plexi | Nickel Acetal

EAN / Part #: 3830046990341

Summary:

- Featuring a unique, modern look copper design Extreme performance CPU water block for all sockets bellow.
  Processor compatibility:
  AMD Sockets 393, 754, 940
  AMD Sockets AM2, AM2+, AM3
- A high flow path design and increased cooling surface over CPU keeps your processor cool even at highest loads and over clock.
- Blocks base is made of 99,99% electrolytic copper, lapped and polished to +/- 0,0007 mm flatness.
- High quality CNC manufacturing.
- Leak tested to 2 bar pressure (30psi).

Technical data:

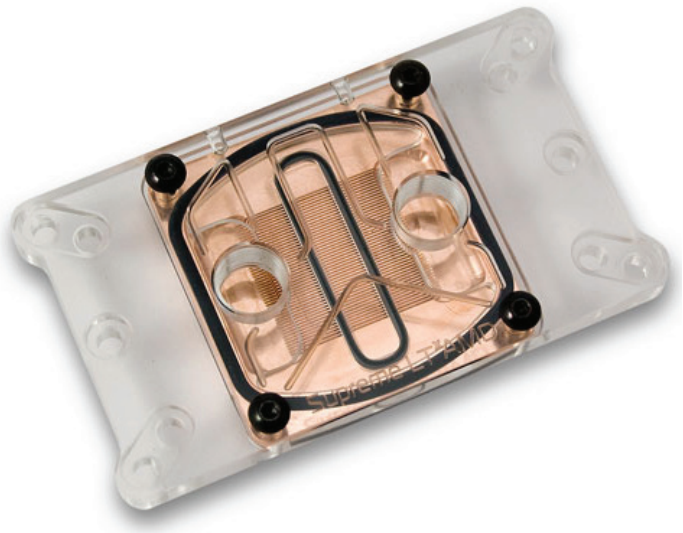
- dimensions of copper base: 57 x 57 x 5mm
- dimensions of acetal top: 106,5 x 60 x 11,5mm
- threads: 2 x G 1/4
- fittings: optional, not enclosed
- neto weight: 150g
- bruto weight: 0g

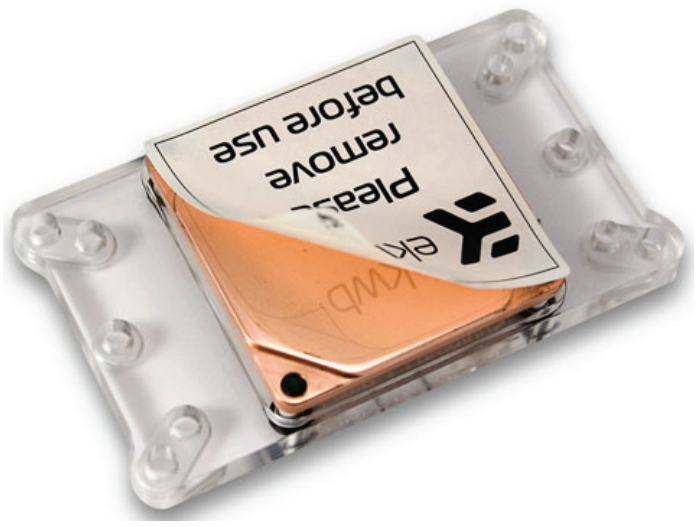
Packing list:

- 1 × Water block
- Mounting mechanism

Key Features:

- The EK-Supreme cooling engine uses fin design. The water accelerates through jet plate channels through 49 very thin channels, which gives extreme cooling surface right above heat source.
- Moderate high flow internal design gives moderate flow restriction which allows lowest possible temperatures in the entire water-cooling system.
- Reduces temperatures up to 50°C or even more at maximum load.
- Much cooler CPU core, allow maximum possible overclocking.





Do not forget other EK products for your water cooling system:
